

*"Delivered from cocaine smoking." —Johnson G.
Tanzania, East Africa*

*"I am finally free from the addiction I brought home
from Vietnam." —Louis R., New York, New York*

THANK YOU

Thank you for this opportunity to share the Victorious Overcomers Support Group with you. Please contact us if you desire additional information, whether it is for yourself or someone else. We are here to help in whatever manner we can.

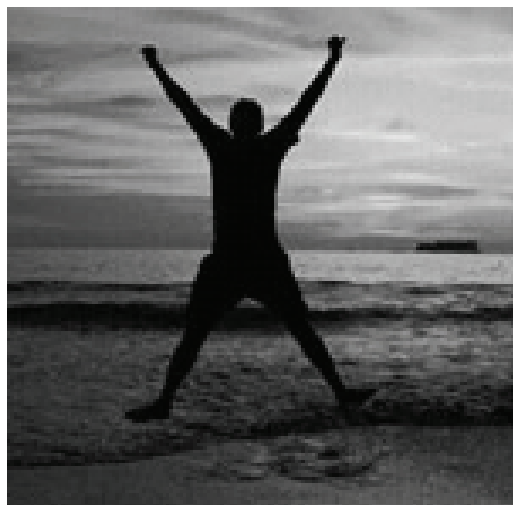

You are invited to attend any one of our meetings. However, if interested in joining the program, please come to a Support Group Meeting. That is where we will be able to personally introduce you to the program and address your questions and concerns.

Again, we thank you. Remember, you, and those you know suffering from addiction, depression or any form of negative, destructive lifestyle can be free and free indeed! You are always welcome to attend. There is no fee.

*Are you hooked on
drugs or alcohol?*

**YOU
CAN BE FREE
AND
FREE INDEED!**

A program dedicated to helping
people begin a new life
free from addictions and compulsions!

Contact: Rev. Victor Rakowski

SUPPORT GROUP

We are a non-denominational program that believes you can live a life totally free from any form of addiction or compulsion through the power of God! We teach from a powerful, life-changing Seven Victory Step curriculum that is based solely on God's Word. This program is not based on a religion, but rather on its participants experiencing the reality of a personal relationship with God — the true source of all help!

God's Word is proven true in changing lives. We have seen and can testify to the miracle-working power of God when His Word is willfully applied to a person's life. Therefore, we are able to introduce you to a better way of life totally free from addictions and compulsions! This is the only way God can begin restoring back to you all that you have lost — emotionally, physically, and spiritually. We often hear the cliché, "God helps those who help themselves." This is not true! God helps those who want to be helped — and He is willing to help you now!

A BRAND NEW LIFE IS WAITING FOR YOU!

If you desire change in your life, it CAN be yours. The Victorious Overcomers Support Group is specifically designed to help meet all of your needs. When fully participating in this program, you will begin to experience a new life of victory over the addictive and compulsive behaviors that had your life running in negative, destructive patterns. We are confident that the solution you need will be found in the basic principles of this program. However, they will only be 100 percent

successful if you truly want to be free — and free indeed!

WE'VE BEEN THERE

That's right! Each Victorious Overcomers Support Group volunteer staff member has a history of either an addictive, abusive or compulsive lifestyle. This is why we can so easily relate to what is happening in the lives of those who come to us for help. Each of us has personally allowed God to do His miraculous work in our lives. We now stand ready to help you gain freedom from whatever it is that is holding you down. You, too, can be transformed into a Victorious Overcomer who conquers any and all situations in life through God-given power and ability. A "can't fail" success plan — don't you agree?

THE ANSWER YOU HAVE BEEN LOOKING FOR

Unlike other programs, we focus ONLY on the positive and NEVER on the negative. True change can never occur by continuously re-living or trying to patch-up the past. Such an approach only teaches to adjust to living a defeated lifestyle. God's plan is to completely replace the old lifestyle with a new life of victory and success. This program encourages, builds-up, strengthens and focuses on a promising future. Yes, it is possible! The only thing required from you is that you honestly admit to your problems and desire change in your life. There is no fee required. We like to say that your fee has already been paid in full. It is God who desires to provide for you — and a great opportunity for a great future awaits you — should you desire to choose it.

HERE IS HOW IT WORKS

The Seven Victory Steps are reviewed in separate groups during the weekly Support Group Meeting. Each Victory Step is based on a Biblical principle. Faithful attendance at the Support Group Meeting and additional weekly meetings results in a gradual progress from Victory Step One to Victory Step Seven at which time is graduation. This process empowers the individual to lead a successful, stable and disciplined life. Since this is not a recovery-type program at which participants form a life-long dependency — a strong, positive and permanent change in one's outlook and lifestyle is experienced.

To help impart such valuable virtues as commitment, integrity and discipline, attendance to a select number of meetings per week is required. We strongly stress commitment. Without it, positive change will never occur. (Our meeting schedule is listed on the back of this brochure.)

VICTORY AND SUCCESS!

The Victorious Overcomers Support Group was established in 1989 and has grown into an international network. This program can be found in churches, ministries and rescue missions worldwide. We have helped many lead a life free from addictions and compulsions and we are also here to help you! Here is what a few Victorious Overcomers have to say:

"No more fear, depression and cigarettes." - Michelle A., Cairns, Australia

"I have been set free from 28 years of heroin and methadone use. My marriage and business have been restored." Jim M., Brooklyn, New York

"I have been healed of bitterness and anxiety." - Nancy A., Whittier, California
